

One AI session your team will actually use.

A live session built on your team's own examples, a practice assignment in the working week, and a report out two weeks later that shows what stuck.

PRICE \$2,500 per session, fixed	GROUP Up to 20 people one team, one session	LENGTH 2 to 3 hours live, remote	REPORT OUT 45 minutes two weeks later, included
--	---	--	---

When teams call us

- We bought the licenses. Few people use them.
- Everyone uses AI differently, and nobody agreed the rules.
- People paste things into AI that should not leave the firm.
- The output goes out and nobody checks it.
- One team is ready now. The rest can wait.
- A leader wants to see one session before committing to a program.

Pick one session

Foundations	The ground rules; asking well; spotting weak output; build your own assistant
Tool fluency	Spreadsheets; presentations; AI inside your office suite; research across documents; agents
Role deep dives	Sales; operations; client service; real estate; or built around your own use case
Leadership and policy	Leading the change; safe rollout; write your AI use policy
Briefings	The state of AI for leaders; AI and your career

26 sessions in all: novapath.practops.com/training

Why it sticks: learn it, use it, show it

Learn it A live session on real work, not a demo. Everyone leaves with one thing to try.	Use it One real task in the working week, done with the tool, with a note on what was checked.	Show it A report out where the group shares what worked and what did not.
--	--	---

Before the session we ask for 2 to 3 of the team's real examples, so the exercises are your work, not a generic demo.

01 Single workshop

One session, one group, at the fixed price. More sessions are \$2,500 each. In person is quoted separately, plus travel.

02 Team enablement program

Role tracks with practice between sessions, so the habit sticks. Quoted by teams and people.

03 Adoption partnership

An ongoing AI lead on retainer: the plan, the training, and the rules kept current. Quoted monthly.

Book a first call: info@practops.com

No seat licenses. Training counts when the practice happened, not when people attended.
